### SMALL EVENTS, LARGE-SCALE EXPERIENCE

The Venetian® Resort Las Vegas has a brand new meeting space with a minimalist modern aesthetic. Its concrete wash interior provides the ideal neutral canvas for any event planning needs. Natural light illuminates the space for an airy atmosphere that suits group meetings, receptions, and dinners.

We understand that small meetings can be every bit as consequential as big, splashy events, and we take great care to treat them with the same high standards of service. Our numerous, highly configurable space options make it possible for us to meet the unique needs of small to mid-sized groups. To give you the special attention and privacy you need, we offer intimate settings such as hospitality parlors, VIP spaces, and private rooms in our award-winning restaurants.
