ACTION CLOCK: Action Clocks will be in play in the start day 3 and will be reset at 24 and 6. Number of time chips may be adjusted on the start on day 3 by tournament directors discretion. Remaining players will have thirty (30) seconds to act on their hand. To begin play in the Action Clock portion of the tournament, each player will receive time-extension chips, each worth a 30-second addition to a player's action. The number of time-extension chips provided to each player will depend on the number of players in the money. Upon reaching the final three (3) tables of the tournament, each remaining player will reset to a maximum of six (6) 30-second time-extension chips. Upon reaching the official WPT final table of the tournament, each remaining player will reset to a maximum of eight (8) 30-second time-extension chips. In the case that time expires for a player with remaining time-extension chips, the player's Action Clock will automatically extend an additional thirty (30) seconds. Collection of time-extension chips will take place at the end of the player's action. If a player's Action Clock expires and the player does not have any time-extension chips remaining, he/she will be (a) forced to check, if there is no bet pending or (b) fold, if facing a bet or raise. See WPT Action Clock Rules for more details.
